

Young Farmer Discussion Meet

2021 SCHEDULE

District Level Topics

1. Studies show more farmers and farm families are experiencing stress and mental health issues. What can farmers, ranchers and Farm Bureau do to proactively promote good mental health in both themselves and their communities?
2. Agriculture is one of the most hazardous industries. What can we, as young farmers and ranchers, do to create a more preventative, rather than reactive, approach to farm safety in our communities?
